

Design Guideline Certification

Permit, Licence and Inspection Services

Housing and Small Buildings – New Subdivisions

Please submit to the Building Inspector prior to Final Inspection

1 Application Details

This is to certify that the Building Design Guideline is in compliance with the requirements as prepared by the Design Consultant at the time of final inspection:

Project Address (Lands):

Lot No.

Building permit No.

Project No.

Design consultant (name of firm)

We certify that the design and construction of the building(s) meet the architectural standards, characteristics, and materials referenced in the most current version of the design guideline for:

Site Planning
 Form, Size, and Character
 Design Attributes
 Detailing

Construction materials and color approvals for:

Roof surfacing
 Wall claddings
 Opening trim

Further to this, we also verify that the building(s), as constructed, is in substantial compliance with the building permit drawings approved at time of building permit application in relation to items specified in the Design Guideline as part of the building scheme registered on title for the Lands.

Certified this _____ day of _____ 20____.
