

Candidate Statement

Joel Neufeld

We need to do better. We need to do better for parents, for teachers, and for students. I have a young daughter about to enter the school system. I am concerned about what the future looks like for students in Langley. We live in one of the fastest growing municipalities in the region. We must ensure that our school district is on track. We must ensure we have a real plan to keep up with development. As a public servant and a community volunteer for over 10 years, I will bring a new, young, common sense approach for parents, teachers and students. We need a new generation to step forward. We need strong leadership, vision and a commitment to new ideas for the future. We cannot allow the same old problems to continue without real solutions. It's time to do better for our kids. And we can. For more information throughout the campaign please visit my website joelneufeld.com
