

Candidate Statement

Phyllis Heppner

I have enjoyed living in Langley since 1984 – a classical and jazz musician, teacher and small business owner who is constantly inspired by my own children, grandchildren and students.

I will bring stability to Langley Board of Trustees as a collaborator with proven leadership skills. In 2021, health and safety considerations must have our focused and wise attention.

Priority #1 is to ensure that students have a safe, nurturing environment which generates a positive interest in learning. The goal: future informed, skilled and self-reliant citizens.

We can help achieve this positive outcome by supporting our teachers, support staff and leaders who daily interact with students.

I will enjoy being a conduit of information between all of the stakeholders involved in the education of all 23,000 students in Langley.

I'm up for it! I have experience and passion. I am ready to serve.
