REQUEST FOR SUBSTANTIAL COMPLETION INSPECTION

I/We _____ Engineering Consultants for the above noted project hereby advise that we have submitted all testing as indicated on the materials checklist issued at the pre-con meeting, provided sufficient inspection during construction, performed a pre-substantial completion inspection, and have determined that all works and/or deficiencies have been completed and/or rectified to the requirements of the Approved Drawings, Servicing Agreement, Master Municipal Construction Documents (MMCD) and applicable Municipal bylaws.

I/We therefore request that the Municipality perform an inspection for Substantial Completion and attach a copy of the deficiency list provided to the contractor from our pre-substantial completion inspection.
