

Green Building Rebate Program

Energy Evaluations

Your home is an appliance.

Building green starts with expert advice and support delivered by an Energy Advisor. The Township provides financial incentives for energy evaluations to help your project excel under the **EnerGuide** rating system.

ENERGUIDE

Date Collected May 6, 2016
 File Number: 1234567890
 Home evaluated by: MOB Energy Solutions

85 (Rating)

40 (Lowest) 90 (Highest)

One typical CCL equals the energy from two 60W incandescent bulbs.

4 Total Annual Energy: 28 kWh
 Electricity: 27 kWh
 Gas: 1 kWh

5 Breakdown of Total Annual Energy Consumption:

A - Space heating	21%
B - Water heating	2%

F - Other electrical	1%

What incentives are available?

New Residential Construction & Renovations

	Description	Rebate ^A
	Township of Langley	Green Building Rebate Program
	<u>New Construction:</u>	
	Single family plan evaluation	\$350 per home
	Multi-family plan evaluation	\$150 - \$350 per unit ^B
	<u>Renovations:</u>	
	Single family pre-retrofit evaluations	\$200 per home
	BC Hydro & FortisBC	Home Renovation Rebate Program ^C
	<u>Renovations:</u>	
	Single or multi-family post-retrofit evaluations	\$150 per unit

Steps

- 1 Submit a Building Permit Application.
- 2 Obtain a Green Building Rebate Program referral form.
- 3 Schedule an EnerGuide home evaluation with an Energy Advisor by contacting one of NRCan's qualified service organizations. An Energy Advisor will provide you with the following:
 - i. Detailed information about your home's current or potential energy performance, including an EnerGuide rating and home label
 - ii. Options for improving your rating to meet program requirements and maximize incentives
 - iii. Opportunities to access additional rebates from other organizations
- 4 Within 90 days of final inspection, submit a copy of the program referral form and EnerGuide documentation from your Energy Advisor to the Township of Langley.
- 5 Receive Township rebate by mail if requirements are met.

^A Certain terms and conditions apply. Available while funding lasts.

^B Offer is valid for up to \$350 for evaluations of the first two units in a multi-family development and \$150 for subsequent units. Plan evaluation rebates are limited to 50% of the total number of units in a complex.

^C HRR program may change at any time without notice.

Visit bchydro.com/homerebates or fortisbc.com/homerebates for more details.

EnerGuide is an official mark of Natural Resources Canada
