

# LANGLEY DEMONSTRATION GARDEN

2021

## GARDEN SMART WORKSHOPS

Currently, all workshops will be held via Zoom. If restrictions ease and in-person workshops resume, updates will be posted to the Langley Demonstration Garden Facebook page.

### VEGETABLE CONTAINER GARDENING FOR KIDS

Do you have trouble getting your kids to eat their vegetables? Once they grow their own, they will be excited to eat them! Each participant will be provided with a kit to make their own "pizza garden."

Please register by Thursday, June 17.

**Saturday, June 19 – 1:00 – 2:00pm**

### ZERO WASTE WORKSHOP

Explore ideas for reducing food waste and upcycling kitchen scraps to prepare more delicious meals. Stretch your food budget further, and keep food on your table, in your belly, and out of the compost!

Please register by Monday, July 5.

**Wednesday, July 7 – 6:00 – 7:00pm**

### MANAGING PESTS AND DISEASES IN YOUR GARDEN WITH LINDA GILKESON

Linda will cover how to identify problems and when to use the organic and non-toxic control methods available to home gardeners. The emphasis will be on simple ways to prevent damage from common pests and diseases, including how to attract beneficial insects that control aphids, caterpillars, and other insects.

**Wednesday, July 21 – 6:00 – 7:30pm**

### COMPOSTING 101

Make black gold in your backyard! In a landfill, it can take up to 20 years for a banana peel to decompose. In a backyard composter, it can take as little as a few weeks! In this workshop, learn what type of composting is a good fit for your needs, and how to turn yard trimmings, fruit, and vegetable scraps into rich organic fertilizer.

This workshop is great for beginners as well as experienced compost users who want to troubleshoot their compost systems. Please register by Monday, August 9.

**Wednesday, August 11 – 5:00 – 6:00pm**

### SOAP MAKING AND NATURAL CLEANERS

Learn the basics of making your own soaps and cleaning products. Each participant will be provided with a kit to make their own soap and natural cleaning spray. Access to a slow cooker is required for this workshop.

Please register by Monday, August 16.

**Wednesday, August 18 – 6:00 – 7:30pm**

### WILD EDIBLE FORAGING AND TEA BLENDING

Join herbalist Diana Munday, aka Mrs. Localvore, on an exploration of the healing plants that grow wild in our community. Discussion includes which plants to eat, ethical wildcrafting, and how to make the best of what's around!

Please register by Thursday, September 16.

**Saturday, September 18 – 10:00am – 12:00pm**

**ALL WORKSHOPS ARE FREE AND HELD VIA ZOOM**
