APPENDIX 2 – Application RFSO Hired Equipment; (Schedule C)

2.0 NATURE OF AGREEMENT

2.1 NATURE OF STANDING OFFER AGREEMENT

It is understood and agreed by the Contractor that should an Application be selected by the Township, it will result in a standing order agreement (the “Standing Offer”) only and the Services will be ordered by the Township solely on an “as and when required” basis. The aggregate value of Services which may be ordered is conditional upon the needs of the Township. No compensation will be accrued, or owed or paid to any Applicant in the event that the Services are not ordered. If a Standing Offer is executed by the Township, at the sole option of the Township, the Township may place an order (the “Order”) for Services specified in the Order and the Application agrees to provide those Services.

The parties agree that the Township may not place any orders for Services with the Contractor for the duration of the term of the Standing Offer. The parties agree that the Township may purchase identical or similar Services from any other source.

The Township reserves the right to competitively bid or request for quote for larger projects.

3.0 SERVICES

3.1 SERVICES

The Township hereby retains the Contractor to provide services as described generally in Appendix 1, including anything and everything required to be done for the fulfillment and completion of this agreement (the “Services”).

3.2 AMENDMENT OF SERVICES

The Township may from time to time, by written notice to the Contractor, make changes in the scope of the Services. The fees will be increased or decreased by written agreement of the Township and the Contractor according to the rates set out in Appendix 2.

3.3 ADDITIONAL SERVICES

The Contractor will, if requested in writing by the Township, perform additional services as may be listed in Appendix 2. The terms of this agreement will apply to any additional services, and the fees for additional services, and the time for the Contractor’s performance, will generally correspond to the fees and time of performance as described in Appendix 2. The Contractor will not provide any additional services in excess of the scope of services unless requested in writing by the Township.

3.4 STANDARD OF CARE

The Contractor will perform the Services with that degree of care, skill and diligence normally provided by a qualified and experienced practitioner performing services similar to the Services, and on the understanding that the Township is relying on the Contractor’s experience and expertise.

3.5 EMERGENCY SERVICES

The Contractor may be requested to provide twenty-four (24) hour emergency service, seven (7) days a week, fifty-two (52) weeks a year, in response to a call out by the Township.

3.6 CANCELLATION OF ORDER

The Township reserves the right to cancel any Service request requested within this Agreement and may only pay the Minimum 2 hour callout charge (if applicable). For such requests the Township is to contact the Contractor's office or dispatcher directly.

3.7 TIME

The Contractor acknowledges that time is of the essence

3.8 TERM

The Contractor will provide the Services for a term of 24 months (the "Term") commencing as of April 1, 2020 unless terminated earlier or extended in accordance with the terms of this agreement.

The Township may, at its sole discretion, elect to extend the Term of this agreement for up to 2 additional years (24 additional months), including but not limited to successive periods of 1 year each or such other duration in months or successive durations in months as Township may elect, by providing Contractor with written notice of such extension at least 30 days prior to the expiration of the then current Term. If the Township elects to extend the Term of this agreement, all other terms of this agreement shall continue to obtain and apply in full force and effect throughout the extension or extensions. The Township may re-open the Request for Standing Offer during the two year term at the Township's discretion.

3.9 RENEWAL

The Township may at any time prior to thirty (30) days before the end of the Term, by written notice to the Contractor, extend the Term for a period of time not to exceed two (2) one year renewals. The Township may or may not conduct an annual performance evaluation and what is considered a 'successful' evaluation is solely at the Township's discretion. If the Township elects to extend the Term, the provisions of this Agreement will remain in force, including the Fees, except where amended in writing by the parties.

4.0 PERSONNEL

4.1 QUALIFIED PERSONNEL

The Contractor will provide only professional personnel who have the qualifications, experience and capabilities to perform the Services.

4.2 LISTED PERSONNEL

The Contractor will perform the Services using the personnel as may be listed in Appendix 2, and the Contractor will not remove any such listed personnel from the Services without the prior written approval of the Township.

4.3 REPLACEMENT OF PERSONNEL

If the Township reasonably objects to the performance, experience, qualifications or suitability of any of the Contractor's personnel then the Contractor will on written request from the Township, replace such personnel.

The Contractor will make such lack of authority clear to all persons with whom the Contractor deals in the course of providing the Services.

5.2 INDEPENDENT CONTRACTOR

The Contractor is an independent contractor. This agreement does not create the relationship of employer and employee, a partnership, or a joint venture. The Township will not control or direct the details, means or process by which the Contractor performs the Services. The Contractor will determine the number of days and hours of work required to properly and completely perform the Services. The Contractor is primarily responsible for performance of the Services and may not delegate or assign any Services to any person except as provided for in section 3.4. Payment by the Township of the Fees and Disbursements will be full payment for the Services and the Contractor will not be entitled to receive any additional payment from the Township. The hourly rate shall be for both equipment and operator and shall remain in effect for the Term.

The Contractor shall provide the Township with monthly reports which shall advise the Township of the status of the work in progress, recommendations or amendments to the Services and any other relevant information regarding the status of the work under this Agreement including the budget, scope and schedule which the Contractor considers important.

6.4 CARBON NEUTRAL REPORTING

The insurance policy coverage limits shall not be construed as relieving the Contractor from responsibility for any amounts which may exceed these limits, for which the Contractor may be legally liable.

9.0 TERMINATION

9.1 BY THE TOWNSHIP

The Township may at any time and for any reason by written notice to the Contractor terminate this agreement before the completion of all the Services. Upon receipt of such notice, the Contractor will perform no further Services other than the work which is reasonably required to terminate the Services and return the Township's property to the Township. If the Township terminates this agreement before the completion of all the Services, the Township will pay to the Contractor all amounts owing under this agreement for Services provided by the Contractor up to and including the date of termination, plus reasonable termination costs in the amount as determined by the Township. Upon payment of such amounts no other or additional payment will be owed by the Township to the Contractor, and, for certainty, no amount will be owing on account of loss profits relating to the portion of the Services not performed or other profit opportunities.

9.2 TERMINATION FOR CAUSE

The Township may terminate this agreement for cause as follows:

- a) If the Contractor is adjudged bankrupt, or makes a general assignment for the benefit of creditors because of its insolvency, or if a receiver is appointed because of its insolvency, the Township may, without prejudice to any other right or remedy the Township may have, terminate this agreement by giving the Contractor or receiver or trustee in bankruptcy written notice;
- b) If the Contractor is in breach of any term or condition of this agreement, and such breach is not remedied to the reasonable satisfaction of the Township within five (5) days after delivery of written notice from the Township to the Contractor, then the Township may, without prejudice to any other right or remedy the Township may have, terminate this agreement by giving the Contractor further written notice.

- f) If the total cost to complete the Services exceeds the amount owing to the Contractor, charge the Contractor the balance, which amount the Contractor will forthwith pay.

9.3 CURING DEFAULTS

If the Contractor is in default of any of its obligations under this agreement, then the Township may without terminating this agreement, upon five (5) days written notice to the Contractor, remedy the default and set-off all costs and expenses of such remedy against any amounts owing to the Contractor.

10.0 APPLICABLE LAWS, BUILDING CODES AND BY-LAWS

10.1 APPLICABLE LAWS

This agreement will be governed by and construed in accordance with the laws of the Province of British Columbia. The Township and the Contractor accept the jurisdiction of the courts of British Columbia and agree that any action under this agreement be brought in such courts.

10.4 BUSINESS LICENCE

The Contractor will at all times during the Term be in possession of a valid business license issued to it by the Township of Langley or a Fraser Valley Intermunicipal Business Licence naming the Township of Langley.

11.0 CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

11.1 NO DISCLOSURE

Except as provided for by law or otherwise by this agreement, the Contractor will keep strictly confidential any information supplied to, obtained by, or which comes to the knowledge of the Contractor as a result of the performance of the Services and this agreement, and will not, without the prior express written consent of the Township, publish, release, disclose or permit to be disclosed any such information to any person or corporation, either before, during or after termination of this agreement, except as reasonably required to complete the Services.

11.2 NON-USE

The Contractor agrees only to use the Confidential Information to perform its obligations under this agreement and shall not disclose the Confidential Information to third parties, except:

- a) employees, officers, agents, representatives, advisers or sub-Contractors ("Representatives") who need to know such Confidential Information in connection with the performance of the Services and who have agreed to maintain the confidentiality of the Confidential Information;
- b) as may be required by applicable law, governmental regulation, court order or similar legal process or authority; or
- c) as may be specifically authorized in writing by the Township.

The Contractor will be liable for any breach of Confidential Information by its Representatives.

- a) is or becomes generally available to the public (other than as a result of its disclosure by the Contractor or its Representatives in breach of this agreement);

11.5 RETURN OF PROPERTY

The Contractor agrees to return to the Township all of the Township's property at the completion of this agreement, including any and all copies or originals of reports provided by the Township.

11.6 CONFLICT OF INTEREST

The Contractor and the Contractor's employees:

- a. Shall conduct their duties related to this Contract with impartiality and shall, if they exercise discretionary authority over others in the course of those duties, disqualify themselves from dealing within anyone with who a relationship between them could bring the impartiality of the Contractor or its employees into question;
- b. Shall not influence, seek to influence, or otherwise take part in a decision of the Township, knowing that the decision might further their private interests;
- c. Shall not accept any commission, discount, allowance, payment, gift or other benefit that is connected, directly or indirectly, with the performance of their duties related to this Contract, that causes, or would appear to cause, a conflict of interest, and;
- d. Shall have no financial interest in the business of a third party that causes, or would appear to cause, a conflict of interest in connection with the performance of their duties related to this Contract, and if such financial interest is acquired during the term of this Contract, the Contractor shall promptly declare it to the Township.

A breach of the conflict of interest clauses of this Contract constitutes grounds for termination of the Contract, should the Township deem such action appropriate.

12.0 USE OF WORK PRODUCT

The Contractor hereby sells, assigns and transfers to the Township the right, title and interest required for the Township to use and receive the benefit of all the reports, drawings, plans, designs, models, specifications, computer software, concepts, products, designs or processes or other such work product produced by or resulting from the Services rendered by the Contractor. The Contractor may retain copies of the work product.

Software and other materials developed or otherwise obtained by or for Contractor independently of this Contract (the ***Pre-Existing Materials***) do not constitute Work Product.

If Contractor creates derivative works of Pre-Existing Materials, the elements of such derivative works created pursuant to this Contract constitute Work Products, but other elements do not.

Nothing in this clause 11 will be construed to interfere with Contractor's ownership of Pre-Existing Materials.
