

Township of Langley, Parks Design & Development: Recent Department Highlights

Willoughby Community Park Amphitheatre:

- Completed in 2017.

Parks Design & Development team applied for grant funding, designed the project, produced all construction documents in-house and performed all field reviews.

Derek Doubleday Arboretum:

- Ongoing from 2008 to present.

Parks Design & Development led the masterplanning process, then designed and managed the construction of numerous park improvement projects over a decade. We expect the Arboretum to be completed by 2024.

Jericho Reservoir Rooftop Park

- Park construction starts this year.

Parks Design & Development team designed the park and are currently completing working drawings in-house. Our team will also manage the Tender process and perform the field reviews.
