# Occupational Health and Safety

As the Manager, Health and Safety for the Township of Langley, I would like to take this opportunity to welcome you. You are now part of a team of people that are committed to ensuring safety is an integral part of every job we do.

The work completed throughout the Township is diverse. Much of the knowledge and understanding that you will need to perform your job safely will be delivered to you by your supervisor. Ask questions, be persistent, provide input, and put into practice what you learn.

Every effort will be made to ensure you are equipped with the right equipment and training to complete your job safely. If at any time you feel you are in a situation that is unsafe, immediately bring the situation to the attention of your supervisor. This is not only your right but your responsibility as well.

The following general safety information applies to all employees. Please review this information carefully.

Additional safety program information is being updated and reviewed on an ongoing basis. If you have a specific question or concern you can call me at 604.533.6039 and I will be happy to provide you with the information you need.

Again, welcome to the Township of Langley and be safe!

A handwritten signature in black ink that reads "Sandra Ciparis".

Sandra Ciparis  
Manager, Health and Safety
