

Candidate Statement

Karen “Michelle” Connerty

My name is Michelle Connerty, I was born and raised in the Metro Vancouver area and Victoria. I moved to the Township of Langley (Brookwood) seven years ago with my family.

I became involved in local politics in 2014 when the Leave Brookwood Alone movement was started by several local residents. I speak passionately in council chambers about the lack of neighbourhood plans, proper phasing of development and the importance of developer-funded infrastructure, prior to

development.

In my opinion, environmental stewardship including tree cutting, wildlife corridors, aquifer protection and providing adequate green spaces are not being adequately addressed. I am very concerned that many of the issues that Willoughby is experiencing, while less than 50 per cent built out — such as parking, crime, overfilled schools and incomplete roads — will be replicated throughout the Township.

“We only get one chance to get this right — vote for people who will do this properly”. Let's Build a Better Langley! www.michelleconnerty.ca
