

# Candidate Statement

Phyllis Heppner

- Langley resident since 1984, classical and jazz musician, teacher, business owner
- passionate about each child's healthy development
- convinced of the value of creating beauty all around us
- sure that our community's amenities should include a superb performing arts centre
- offering leadership skills to our township

Leadership has been entrusted to me as: strata council president, director of my church's music program and large children's club, South Fraser Registered Music Teachers' president, Langley Morning Toastmasters president.

Serving on the Brookwood-Fernridge Planning team inspired me to get in the *real* game - Council - to influence *smart growth* in all neighbourhoods.

I hear your other concerns, too: homelessness, crime, roads, cost of housing, cost of conducting business, etc.

It will take integrity, wisdom and creativity to solve these and future problems *without* burdensome taxes and *without* wasteful spending!

I'm up for it! And I ask for your vote of confidence.
