

Candidate Statement

Eric Woodward

We need to fix the big issues. Brookwood is on a path to becoming another version of Willoughby, with half-built roads, missing infrastructure and schools, with its character changing. Aldergrove needs vision and private investment. And we can do so much better than we are in Willoughby, with 208th Street the prime example of getting it wrong. We need to be building real mixed-use neighbourhoods people will care about.

Growing up in Langley, I was fortunate to have been a part of the emerging internet industry at a young age, with multiple successful companies. After that, I committed myself to revitalizing Fort Langley because it bothered me how neglected it was, even with its obvious, immense potential. We renovated buildings, improved the business mix, and completed the LEED Gold Coulter Berry Building. We need more useful business experience such as mine on Council.
