

Candidate Statement

Cheryl Snowdon-Eddy

I am pleased to be supported by my family and close friends in my candidacy for School Trustee. I have been an employee of the Langley School District for more than 25 years and, upon retiring in December 2017, I started thinking of what I can do to continue helping the students and families of Langley.

I was privileged to be posted in elementary schools, secondary schools and at the District Board Office. I was able to interact with administrators, teaching staff, maintenance staff and primarily, parents and students. Being an intuitive person, I could tell that everyone had good days and some bad days; I wanted to find a solution for the bad days.

My focus will be to bring forth some of the many concerns I heard through my years and initiate change by working together for success of all students, all the time.
